PROFESSIONAL EXPERIENCE

COMBAT MEDIC 08/2016 to 08/2020
U.S. Army, Washington DC

- Implemented a falls protocol that significantly reduced incidents from monthly to zero over a year
- Served as the senior medic for my unit, leading and managing junior enlisted corpsmen/medics, and hospital responsibilities
- Experience working under high-pressure situations, ensuring delivery of quality medical care
- Proactively pursued additional certifications, exemplifying my commitment to lifelong learning and a continuous professional development

EDUCATION

General Assembly, New York, NY
No Degree, Software Engineering Immersive, 07/2023
Projects:
Identity Lock - A decentralized ID card application that mints NFTs upon creation. Built with React and Django REST, it integrates Web3 for blockchain interactions and features a chat box using Open AI. The app includes user customization options, wallet connectivity, and contract interactions with the blockchain.

LANGUAGES
